

**Advancing ADCs:  
Comprehensive Solutions  
from Development  
to Commercialization**

Sai Life Sciences offers end-to-end services for Antibody-Drug Conjugate (ADC) development and manufacturing, encompassing linkers and payloads. Our expertise spans the entire molecular lifecycle, from early development to commercial scale, with a focus on high-potency handling and innovative solutions.

## Key Expertise Areas

- Attachment Site Optimization
- Linker Design & Synthesis
- Cytotoxic Payload Development & Manufacturing

## Sai specializes in payloads, with High Potency Labs and High Potency Block, and extensive expertise in handling such chemistry

HPAPI Manufacturing in Bidar: 16,000 sq. ft. block designed and validated to handle high potent molecules less than  $0.1 \mu\text{g}/\text{m}^3$

## High Potency Capabilities

- OEL 4 & OEL 5 ( $0.1 \mu\text{g}/\text{m}^3$ ) handling in dedicated labs (Hyderabad & Bidar)
- HPAPI handling and development

# HPAPI, Linkers and Lipid Capabilities

## HPAPI & Payloads

- **Dedicated HPAPI lab in Hyderabad:**

- Containment to  $< 1 \mu\text{g}/\text{m}^3$
- **Streamlined workflow:** Dispensing, Reaction, Purification, Drying, Packing
- **Advanced safety features:** Isolators, fume hoods, HEPA filtration, wet scrubbers

## Payload manufacturing in Bidar:

- $0.1 \mu\text{g}/\text{m}^3$  OEL handling
- **Comprehensive capabilities:** Storage, isolated sampling, powder processing, flow chemistry, chiral synthesis, advanced chromatography

## Sai Life Sciences today

Sai Life Sciences, the fastest-growing\* Indian CRDMO, partnering with 300+ innovator pharma & biotech companies

- Lead Candidate Selection
- Pre-clinical & IND Enabling Studies
- Early Phase First in human studies
- Late Phase Validation & Filing
- Commercialization

*\*In terms of revenue CAGR as well as EBITDA CAGR from FY22 to FY24*

**90+**  
Programs in the pipeline across multiple therapy areas

**>3000**  
Strong talent pool across India, US & UK

**45**  
Products manufactured for commercial APIs

**>40**  
Programs advanced to IND or Phase I/II/III

## Our presence in key global locations

Bidar, India

Hyderabad, India

Manchester, UK

Boston, USA

## Driving Success: A Proven Track Record

**100% track record of successful audits by USFDA, PMDA Japan and COFEPRIS Mexico**

**75 customer audits in the past 3 years**

### Supply chain risk mitigation

### Quality systems designed to meet global standards

#### Excellence in Health, Safety, Environment & Sustainability

- Advanced containment systems
- Advanced fire protection systems
- Zero liquid discharge facility

- GMP Pro & electronic laboratory notebooks
- Computer system validations
