

Sai Life Sciences

Where Molecules Meet Momentum

Sai

Make it
better
together

Track record of making it better

27 Years of Expertise

Fastest growing Indian CRDMO:
26% CAGR over the past 5 years

**300+ active customers across US,
UK, EU, Japan**

**19/25 of the largest pharmaceutical
companies are customers**

34 Active NCE commercial molecules

**160 Programs in the pipeline across
multiple therapy areas**

11 Phase III/ pre-registration

**Focus on Complex Chemistry, ADC
Payloads & Linkers**

**100% successful track record of
regulatory inspections across our R&D
and manufacturing facilities.**

**3800+ employees: 2000 in R&D, 650
in Manufacturing, 350 in Quality**

**At the forefront of digitalization,
automation and sustainability**

Manufacturing Capabilities

Modern, GMP-compliant facilities with flexibility to support both small-scale clinical supplies and large-scale commercial production.

**920 KL Capacity with multiple
manufacturing blocks**

0.25 – 12 KL reactor sizes

Containment level of 1 $\mu\text{g}/\text{m}^3$

**11 Clean Rooms of ISO – 8
(Class 100,000)**

Sensitive reactions block

**HPAPI ($< 0.1\mu\text{g}/\text{m}^3$) block with
8 reactors**

**Lyophilization at pilot
& commercial scale**

High pressure block

Moisture sensitive block

**Column chromatography
& cryogenic reaction**

Sai Life Sciences is a science-driven, innovator-focused CRDMO offering end-to-end support across the journey of a molecule - from discovery and development through clinical supply and commercial manufacturing.

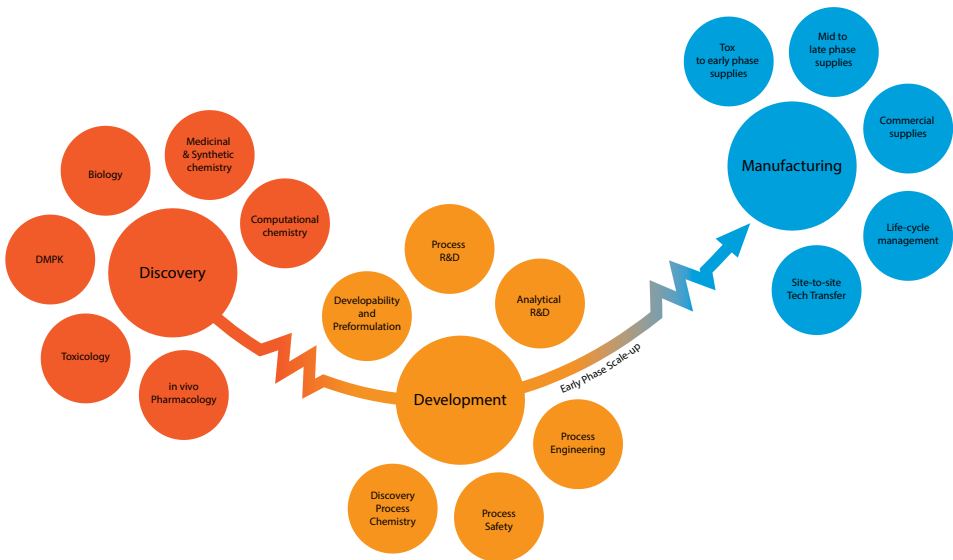

Our integrated capabilities span small molecules, peptides, oligonucleotides and complex modalities, bringing together scientific expertise, development capabilities and manufacturing scale under one partnership.

By connecting each stage of the journey, we help our partners move programs forward with greater continuity, speed and confidence. 'Make It Better Together' is how we bring this partnership to life.

Strategically located to combine innovation access, client proximity, and cost efficiency.

Services spanning the drug discovery continuum

Awards, Certifications & Accreditations

ISO 14001:2015,
ISO 45001:2018,
ISO 50001:2018
& ISO 27001:2022
certifications

Certificate of
Registration:
Information Security
Management System –
ISO/IEC 27001:2013

Signatory of United
Nations Global
Compact (UNGC)

Eco Vadis Platinum Medal
for Sustainability

CII-SR EHS
Excellence Award
for 5 Years

GSK's Environmental
Sustainability
Supplier award
2021 in the 'Primary
Manufacturing'
category

Finalist at Bayer
Supplier Decarbonization
Award 2025

Member of:

ACS Green Chemistry Institute
Pharmaceutical Roundtable
